

ENGLISH

In English lessons, our writing will be inspired by 'The Explorer' by Katherine Rundell. We will start the term by writing a setting description.

SCIENCE

In Science lessons, we will be learning about animals including humans. We will be looking at how human development starts.

COMPUTING

In Computing lessons, we will be learning about programming using PictoBlox. We will explore how to create interactive programs and focus on using conditions in programming.

PHYSICAL EDUCATION

In PE lessons, we will be learning about tennis, aiming to improve our striking and movement skills. We will also be preparing for Sports Day in our athletics unit.

MATHEMATICS

In Maths, we will continue with percentages and fractions. We will then move on to transformations and converting units of measure looking at length, mass and capacity and units of time.

RELIGIOUS EDUCATION

In RE lessons, we will be learning about St Paul and how the news of Jesus' resurrection spread around the world. We will also explore why St Paul is a significant person in the history of Christianity and why.

HISTORY

In History, we will be learning about Ancient Greece, the Olympics and the legacy left behind by the games.

PSHE

In PSHE, we will be exploring relationships and looking at our self-esteem and how this can be boosted. We will investigate and reflect upon a variety of positive and negative online/social media contexts including gaming and social networking.

MUSIC

During Music this half term, the children will be focusing on one of our key composers from the 21st century post-modern period - Miles Davies. We will understand how music shapes our way of life, through exploring how improvisation gives us the freedom to express ourselves.

ART & DESIGN/ DESIGN & TECHNOLOGY

In Art lessons, we will be focusing on architecture. We will plan, design and create our own aspirational home.
