

## ENGLISH

In English, In writing, we will use a range of texts to inspire a newspaper report, a biography and our own narrative. We will focus on using conjunctions, writing dialogue with correct punctuation, and developing joined handwriting.

## SCIENCE

In science, we will learn about rocks and light. We will explore how different rocks are formed and their properties. We will also study light, including different light sources and how light is reflected.

## COMPUTING

In computing, we will develop our programming skills by creating and improving programs that move a sprite in different directions. We will also learn how to create media, exploring how text and images communicate information.

## PHYSICAL EDUCATION

In PE, we will be using our athletics unit to prepare for Sports Day. We will also be improving our striking and movement skills in tennis.

## MATHEMATICS

In maths, we will be learning about time, including both analogue and digital clocks. We will then move on to studying fractions, with a focus on those that share the same denominator.

# Y3 SUMMER CURRICULUM MAP

## ART & DESIGN/ DESIGN & TECHNOLOGY

In art, we will take inspiration from film and literature to create our own 3D sculptures.

In DT, we will focus on food by designing and making a sandwich.

## RELIGIOUS EDUCATION

In RE, we will be exploring rules for living. We will focus on the Ten Commandments in Christianity and compare them with rules in other faiths, identifying similarities and differences.

## HISTORY/ GEOGRAPHY

In geography, we will be exploring the idea of a staycation and a vacation. We will begin by looking at the physical and human features across the UK, including regions, counties, rivers, and mountains. We will then widen our focus to explore countries beyond the UK.

## PSHE

In PSHE, we will be focusing on relationships. We will learn how to resolve friendship issues and how to recognise and appreciate the positive relationships in our lives.

## MUSIC

In music, we will be listening to different musical compositions and exploring the skill of improvisation. We will work together to create short pieces of music that we will perform to our class.
