

ENGLISH

In English, we will be reading George's Marvellous Medicine. We will begin to use cursive handwriting and learn how to use commas to separate items in a list.

SCIENCE

In science, we will be learning all about animals and how they adapt to their specific habitats. We will also investigate different materials and explore why they are suitable to make certain items.

COMPUTING

In computing, we will be creating our own quizzes on our iPads. We will also explore how to make digital music using programs like Chrome Music Lab.

PHYSICAL EDUCATION

In PE, we will be playing striking and field games such as rounders. We will also have a focus on athletics in readiness for Sports Day.

MATHEMATICS

In maths, we will be exploring the properties of some 2D and 3D shapes. We will also be introduced to volume and capacity and explore different units of measurement.

RELIGIOUS EDUCATION

In RE, we will discuss the importance of Ascension and Pentecost in the Christian calendar. We will also take a closer look at the features of churches and discuss the symbolism of each feature.

GEOGRAPHY

In geography, we will be taking a closer look at the animals that live on each continent. We will discuss ways we can protect our environment and suggest things that we can do to help promote these changes.

PSHE

In PSHE, we will explore how to solve friendship problems when they occur and look at the many different ways we can make friends.

ART & DESIGN

In art, we will be focusing on architecture. We will look at different shaped buildings and their use of colour and then design and build some of our own.

MUSIC

In music, we will be listening to different musical compositions and exploring the skill of improvisation. We will work together to create short pieces of music that we will perform to our class.

Y2 SUMMER CURRICULUM MAP
