Y2 AUTUMN CURRICULUM MAP

ENGLISH

In English, we will be reading Pretty and Inside The Villains. We will be writing fairy tales and making sure that we use basic punctuation correctly.

MATHEMATICS

In maths, we will be exploring place value in numbers up to 100. We will partition 2 digit numbers into tens and ones and use this knowledge to carry out basic addition and subtraction.

RELIGIOUS EDUCATION

In RE, we will discuss the Bible and why it is such an important book for Christians. We will discover that the Bible is a library of books and they all tell God's Big Story.

SCIENCE

In science, we will be learning all about animals and how they grow and change over time. We will make comparisons between humans and other known mammals.

GEOGRAPHY

In geography, we will be learning all about the seven continents of the world. We will focus on the endangered animals that can be found in these places and what we can do to help save them.

COMPUTING

In computing, we will be learning about Digital Photography. We will take photos of our environment and decide if they should be taken as a portrait photograph or a landscape photograph.

PSHE

In PSHE, we will explore our hopes and fears for the year ahead. We will talk about feeling worried and recognising who we can go to and ask for help.

PHYSICAL EDUCATION

In PE, we will be playing team building games. We will also look at the fundamentals of throwing and catching effectively.

ART & DESIGN

In art, we will be focusing on making artwork with natural materials. We will focus on the work of Andy Goldsworthy and try to replicate some of his works ourselves.

MUSIC

In music, we will be listening to different musical compositions and exploring pulse, ryhthm and pitch in different pieces. We will use this knowledge to play some of our own music to our class.
