Dear Parents/ Carers

Huge thanks for all the support we have received over the last fortnight since re-opening our doors fully. It has been a pleasure to see all our children and families again, welcome all our new children and families and see the children hard at work in their classrooms.

With each phase of our re-opening, during the last fortnight we have carefully reviewed our Covid-19 risk assessment in line with government and local authority guidance, to ensure all recommended protective measures are in place for everybody's safety. Following consultation and feedback, our drop off and collection procedures will remain the same, with the exception of a change of gate for one class and for our sibling drop off. For the foreseeable future we will not be moving to a one-way system where parents can drop their children off at classroom doors or where children can walk straight to their classroom as there would be too many opportunities for children from our separate class bubbles to mix, and with the necessary staggered start it would take over an hour to get everybody into school. By keeping our bubbles separate, this means that in the event a child tests positive for covid, only one class (and potentially Base bubble) would need to close, as we can be certain who children have come into contact with.

We will continue to monitor our procedures in line with the fast and ever-changing picture and communicate further changes to you at the earliest opportunity. Please see page 2 for revised drop off and collection times.

### Key Reminders when dropping off and collecting children

- Only 1 family member to drop off and collect
- Queue single file and only with your child's class bubble
- Wear face coverings
- Leave the premises immediately after dropping off and collecting
- Remember to socially distance from each other and staff
- Follow guidance issued from St Helens Council on 17.9.20
