Dear Parents/ Carers

NEW: MSTEAMS & ASSIGNMENTS

As you will be aware from previous correspondence, we are now using an alternative version of MSTEams for homework and remote education, called Classrooms. The benefit of this is that we can now use the application **Assignments**. From this half term, teachers will set homework and provide feedback, and children will submit their homework via Assignments. This means children will no longer return their homework via email.

In order to assist you with supporting your child in using Assignments in MSTEams, Mrs Greenough has put together a short this short guide (next page) as well as a short training video. To access the training video, simply click on the following link:

Should you or your child require any further assistance with Assignments, please do not hesitate to contact your child's class teacher.

Yours sincerely

Mrs Rynn
