<p>Spelling Shed</p> <p>Spellings (for Years Rec - Y6) will be updated weekly on spelling shed. It would be great if parents could test children weekly on their spelling words. We highly recommend 20 minutes a day on spelling shed or practising spellings using the tips in the guidebooks. We've also added all the spelling lists (which we cover across the year) to spelling shed so pupils can revise spellings from earlier in the year. Free to parents at our school. Pupils have log ins in their Home School Diary – please email if you require assistance.</p> <p>Sometimes previous lists are the only lists to show up on the screen. However, after logging on as a child, if your child clicks on 'more lists' there are a number of additional lists for your child to practise.</p>	<p>https://www.spellingshed.com/en-gb</p>

Ideas to help:

Will deffo be doing this!!
My lot literally dont stop eating haha!!

I keep seeing these posts about kiddos wanting to eat all day while they are home. This was my solution! Each child has their own colored basket. In the morning I put their snacks in it for the day, when those snacks are gone they don't get any more. It makes them stop and think do I really need a snack? I also put their cup for the day in there because I'm not washing 50 cups a day! Hahaha!

For anyone self isolating or at home with their children because they can't attend school/nursery and fed up of kids constantly asking for a snack 🤪..... we've set up a tuck shop and the girls have got £1 a day to spend ... they have to come and choose their snack and pay for it counting their real money ❤️

An idea for the kids

Our children are living through history right now. So why not get them to make a time capsule.

1. Write a letter to themselves. Tell their ages, who their friends are, favourite TV show, song, book, etc. Write about what's going on. In their own word. Tell their future self how they feel. Talk about what they would like to be when they grow up and 5 things they want to do when they are an adult.

3. Draw a picture of their family as it is now.

4. Take some pictures of today, print them out and include them in the box

2. If it's safe to get a newspaper get one and let them cut out articles that they think would be important for their future self. Or print them from online

5. Put it all together in a scrapbook or a lunch box and stick it up in the attic or somewhere you won't get at for years to come.

In Spain there is a movement **#frommywindow** (**#desdemiventana**) and all kids are encouraged to put all their arts and crafts in the windows so when they go out for a walk (not in groups) they can look at the work of the other children and keep up the good spirit. The message behind the crafts is "Everything will be ok"

This would be a lovely idea to do with your children over the few weeks. Imagine how proud they would be hanging up their creations in the window for everyone passing by to see.
